Disclaimer: Educational Material / Non Commercial

The Ute Learning Garden Project was initiated with the support of the Ute Tribe Education Department, the Ute Tribe Cultural Rights Protection Department, Ute Learning Garden in Grand Junction in Colorado, Uintah County Extension Office (USU) and several other businesses and organizations from Utah and Colorado.

The Main Purposes of the Ute Learning Garden are:

- Preserve and Promote Ute Culture, Language, and History
- Provide a classroom environment for math, science, geography and history subjects
- Encourage Environmental Consciousness
- Include local K-12 schools through providing them with School Tours
- Support the Utah State Office of Education Curriculum Activities

Would you like to help us by being a ULG Volunteer? [Contact Us](#)
